

FY25 OA Grant-Funded Trainings

IBCLC CERP Guidance as determined and submitted by training organizations.

Presentation Title	CERPs	Type	I Development & Nutrition	II Physiology & Endocrinology	III Pathology	IV Pharmacology & Toxicology	V Psychology, Sociology & Anthropology	VI Techniques	VII Clinical Skills
Motivational Interviewing	5	L							5
Making More Milk Book Group	24.5	L	5		6.5	4	3.5	4	1.5
Lactation Pain Management	6.5	L			4.75	0.75		0.5	0.5
Untangling Low Milk Supply	6.5	L	1.5	0.5	3	0.5			1.0
Lactation Bridge Course	8.0	L		X	X		X	X	X
Lactation Skills Day	12.0	L		X	X	X	X	X	X
Certified Lactation Specialist (CLS)	46	45 L, 1 E (includes 2 CERPS on the WHO Code)	13	3	7	2	6	5	10
Supporting Curvaceous Breastfeeding Mothers	2	L					0.5	1.0	0.5
Trauma Informed Lactation Care	4	L					1	1.5	1.5
Creating Dynamic WIC Classes	8	L					X	X	X

Exclusive Pumping: The Basics	2	L						1	1
Exclusive Pumping: Beyond the Basics	2	L			1			0.5	0.5
Parental and Infant Health During Lactation	6.25	L	2.5		1.25	0.25		0.25	2
Confidence in Counseling	4	L					X		
Breastfeeding Benefits and Barriers	4	L	X	X	X	x	X		
Latching, Lifestyles and Limitation of Breastfeeding	4	L	X	X	X	X	X	X	X
Breastfeeding from a Global Perspective	6	3 E and 3 L	X	X		X			

If you choose to recertify or reinstate by CERPs you are required to use the Personalized Professional Development Plan determined by the CE Self-Assessment to guide your CERPs hours. If a course or program covers more than one category/required area, you may allocate the CERPs across the categories where they are needed. For example, Lactation Skills Day provides 12 L-CERPs. One could assign 4 L-CERPs under Pathology, 4 L-CERPs under Techniques, and 4 L-CERPs under Clinical Skills.

The determination for the total amount of CERPs available was provided by IBLCE after they reviewed the course content. The determination for the category designation was made by the trainer after reviewing the course content and [IBLCE Detailed Content Outline for IBCLC CERPs](#).
